

Much to Celebrate!

- Over the past 30 years, Habitat for Humanity has completed **1000 homes** in Colorado.
- **5000 people** now know the security, stability, and dignity of homeownership thanks to the commitment of donors and volunteers.
- Habitat now has 31 affiliates building homes in **42 communities** across Colorado.

More to Build!

- More than **282,762** Coloradans live in unsafe and unaffordable housing conditions.
- Over the next three years, we have set the goal of completing the next **1000 homes** in Colorado and abroad.
- Habitat's model is part of the **spectrum of affordable housing**. To better serve low-income families and reach our goal for the next three years, we need to expand our resources and strategic partnerships, while looking to create affordable housing solutions for all Coloradans.

There's No Place Like Home!

- Safe, decent, affordable housing is the cornerstone for **self sufficiency**.
